

# KIDOLOGY ENTERPRISES

EDUCATIONAL ENRICHMENT PROGRAM

# MISSION STATEMENT

To enhance curriculums through structured activities that serve to develop students' self-esteem and self-confidence.

# PURPOSE

- To aid in the positive growth and development of youth through enrichment programs like Physical Education, Life Skills and S.T.E.M .

# HOW IT WORKS

- Designed like a mobile school, Kidology staff travels to the locations and provides all the necessary program components.
- The programs can be offered during the course of a school day, as an after-school option or students can attend classes at a Kidology facility.

# GOALS

- ✓ Maintain integrity of partnered institutions
- ✓ Engage participants in the activities
- ✓ Foster an environment of support of each student and teacher
- ✓ Ensure there is no discrimination of any kind

# PHYSICAL EDUCATION PROGRAMS

- **Acro Yoga**

Encourages the incorporation of positive behaviors, increase balance and coordination in the body and mental focus.

- **Dance**

Participating in structured dance boosts confidence, grace and fusion of the cultural arts.

- **Mixed Martial Arts**

Challenge students to grow their strength while maintaining self-balance and discipline.

# LIFE SKILLS PROGRAMS

- **Business**  
Learn to create basic business plans and find out what it takes to create your own business plan.
- **Babysitters Training**  
Complete the formal training and receive your Pediatric First Aid/CPR and Red Cross Certificate.
- **Career Explorations**  
Explore possible career options for your future.
- **Debate**  
Learn research, writing, and presentation skills by debating over issues that are important to you.
- **Foreign Language Immersion**  
Cultural immersion in Spanish, French or Sign Language.

## S.T.E.M PROGRAMS
