### What to Expect

The 2018 Nevada Afterschool Summit brings together cross-sector leaders from across the state to explore how afterschool programs can broaden opportunities for young people. Join us to:

- Hear more about the state of afterschool across Nevada.
- Engage with afterschool supporters, providers and advocates.
- Consider strategies and share ideas to strengthen afterschool across the state.
- Gather insights, evidence, and expertise to inform your strategy to support afterschool.
- Align your goals and initiatives with others invested in the impact of afterschool and Nevada youth.

### About the Summit

Bringing together education leaders, state and municipal policymakers, business leaders, child care and youth development leaders, and advocates interested in improving outcomes for children and youth through out of school time programs.

Join us to develop intentional and meaningful bridges between fellow leaders and organizations to help ensure youth develop the skills they need to succeed in school and life, and to explore ways afterschool can drive economic growth and workforce development.

We look forward to connecting with innovative individuals to discuss the positive impacts of afterschool across the state and inspire ideas to achieve even greater outcomes for our state's young people.
