Strong Families, Safe Kids

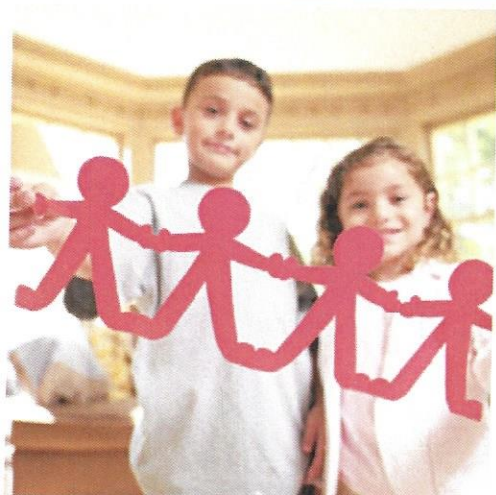

Safe Families  
for Children

## Safe Families Community Forum

Safe Families for Children celebrates its 17th Anniversary this year having hosted more than 50,000 kids from struggling families across the US; here in Las Vegas we have hosted 150 children and 100% of them have been reunified with their biological parents and connected to a local faith-based community! If your organization works with struggling children and families, and you think they could benefit from having a safe place of care for children while their parents work on stabilizing, then Safe Families for Children is a partnership you'll want to know more about! Lunch is included. Please join us on

**Tuesday, February 12th from 12:00pm to 1:30pm at City Hall**
